Blog

I have published a few articles about my journey as a web developer and I also discuss other interesting topics.

React & Node.js

Movies is an application that helps users find movies. It fetches data using The Open Movie Database API, a free and public api for movies.

Card

This is a simple card with links to my social media profiles.

Education

Michigan State University – B.A. Media and Information 2016 – 2021

- Recipient, Mastercard Foundation Scholars Program
- Dean's List

Experience

Programmer – Matrix 2017 – 2018

- Implemented from scratch with PHP, HTML, CSS, JavaScript and improved the user interface on Voices of MSU by making the website responsive, suggesting minor modifications to the layout, and adding animations on cards
- Fixed the positioning of the dropdown menus on Liberated Africans using JavaScript, preventing them from overlapping and remaining visible simultaneously

Skills

- HTML, CSS, JavaScript, Python, Java, C++
- Unit Testing
- Responsive Web Design
- REST APIs

Leadership & Volunteering

Volunteer – Zimble 2015 – 2016
